THE K. C. G. & L. ROAD.

The First Passenger Train Goes Over the Line. The Knoxville Journal of yesterday says: The first passenger train to run over the Knoxville, Cumberland Gap and Louisville railroad will be a special leaving this city at 8 o'clock this morning, carrying officials of the road, members of the city council, the board of public works, representatives of the press and a few invited guests.

The train is expected to reach Cumberland Gap about noon, where the tunnel and the many sights around the historic pass will be inspected. The road is virtually completed, and, as will be seen in another column, regular schedule trains will be run from to-morrow.

And chief engineer Wilson thus announces the formal completion of the road in a letter to vice-president Smith: (KNOXVILLE, CUMBERLAND GAP AND LOUISVILLE RAILROAD, CHIEF ENGINEER'S OFFICE, Knoxville, Tenn., August 20, 1889.)

Dear Sir:—I am gratified to be able to report the completion of the Knoxville, Cumberland Gap and Louisville railroad, in compliance with your contract with the city of Knoxville. If agreeable to you regular trains will be put on to-morrow. I am, very respectfully, Your obedient servant, (Signed) JAMES W. WILSON, Chief Engineer.

HEREAFTER

We will run two delivery wagons. The necessity for this has been caused by our largely increasing trade, making it impossible to deliver with one wagon. There have been complaints (and justly, too) by some of our customers at not having goods delivered more promptly. With our additional facilities for delivery we hope to increase our already large trade, and promise to meet all competition. Our stock, as heretofore, will be kept up to the highest standard in quality. All goods sold by us guaranteed to be as represented, both in weights and quality.
